Hi Rob,

I apologize for sending the incorrect technical reports. We just pulled the wrong ones from the folder. Attached are the confidential appendices for LanEast. I will send a separate e-mail with the LanWest report.

I am working with Trey to get the final groundwater reports and will send those soon.

Thanks,
Megan

Importance: High

Megan,
The Cultural Resources Survey Report for LanWest is from August and reportedly does not contain more recent revisions that are needed. Please send the updated and current report.
We were also expecting a Pine Valley Mutual Water Company groundwater investigation report and Jacumba Community Services District groundwater investigation report, as well as a groundwater monitoring and mitigation plan for these two providers. Can you let us know the status of these documents?

Thanks,

Robert Hingtgen, Planner III
